🔗 Portfolio

Profile

Fullstack Developer with a strong foundation in both frontend and backend technologies, experienced in building scalable, responsive, and user-friendly web applications. Skilled in React.js, Tailwind CSS, and Bootstrap for modern UI development, with backend expertise in Django and Node.js. Proficient in relational databases (MySQL) and version control (Git/GitHub). Known for bridging design and development through a background in graphics design, enabling delivery of visually engaging and functional products. Passionate about solving real-world problems with clean, efficient code and collaborative teamwork.

Education

11/2018 – 09/2025 Akoka, Yaba, Lagos, Nigeria	Bachelor of Science <i>University of Lagos</i> Relevant Courses: Web Development, Database Systems, Python Programming, Data Structures and Algorithms
04/2024 – 10/2024 Ota, Ogun State, Nigeria	Certification in FullStack Development (Web Application With Python) <i>Aptech Computer Education, Ota</i>

Professional Experience

09/2025 – Present Ota, Ogun State, Nigeria	Instructor (Web Development) <i>Aptech Computer Education, Ota</i> <ul style="list-style-type: none">• Teach web development (HTML, CSS, JavaScript, React.js) to students at different proficiency levels.• Mentor students through hands-on projects, code reviews, and industry-aligned practices.• Improved student pass rates in internal and external certifications through tailored guidance.
10/2024 – 04/2025 Lagos Island, Lagos, Nigeria	Fullstack Developer Intern– Remote <i>Allicom Travels</i> <ul style="list-style-type: none">• Built and maintained a travel booking platform with React.js (frontend) and Django REST Framework (backend).• Integrated secure authentication and user roles using JWT.• Designed RESTful APIs for bookings, payments, and customer management.• Optimized MySQL queries to improve data retrieval speed by 20%.• Collaborated with cross-functional teams using Git/GitHub for version control.
04/2024 – 09/2024 Ota, Ogun State, Nigeria	Frontend Developer Intern <i>Aptech Computer Education, Ota</i> <ul style="list-style-type: none">• Developed responsive user interfaces with React.js, Tailwind CSS, and JavaScript.• Worked alongside backend developers to consume and integrate APIs.• Conducted debugging and performance testing across multiple devices and browsers.• Participated in weekly sprint reviews and collaborative coding sessions.

Skills

Frontend

HTML5, CSS3, JavaScript (ES6+), React.js, Tailwind CSS, Bootstrap

Backend

Python (Django), Node.js

Database

MySQL, PostgreSQL, SQL

Tools & Platforms

Git, GitHub, Figma

Soft Skills

Problem-solving, Communication, Collaboration, Adaptability

Projects

09/2025 – Present

Multi-Vendor Fashion Marketplace

Building a scalable e-commerce platform where multiple vendors can manage their stores, upload products, and track sales.

- **Frontend:** React.js + Tailwind CSS.
- **Backend:** Django REST Framework with JWT authentication.
- **Features:** Vendor/admin dashboards, secure payments, product search/filtering, and order management.
- Deployed using GitHub Actions.

09/2025 – 10/2025

Faithful Life Bible Church Website

A modern, responsive platform for sermons, events, and ministries

Designed with a clean green theme that reflects the church's brand identity, this website provides an engaging experience for visitors to explore sermons, stay updated on events, and connect with ministries. Built using React, TailwindCSS, and Framer Motion for smooth animations and responsiveness.

06/2025 – 08/2025

Maternal Health Monitoring System

Developed a fullstack system for maternal healthcare management using React.js (frontend), Django REST Framework (backend), and MySQL (database). Features include:

- Antenatal care (ANC) reminders and appointment scheduling.
- Risk assessment algorithms and emergency alert system.
- Role-based access for admin, healthcare providers, and patients.
- Data visualization dashboards for health insights.

12/2024 – 01/2025

Travel Agency Site

Interactive platform showcasing packages with modern UI and backend integration.

08/2024 – 08/2024

AutoHub Website

Vehicle listing site with search and contact features (Tailwind)

06/2024 – 06/2024

Counseling Platform

Appointment booking and resource-sharing system

Certificates

Google UI/UX Design Professional Certificate
