🔗 Portfolio

Profile

Fullstack Developer with a strong foundation in both frontend and backend technologies, experienced in building scalable, responsive, and user-friendly web applications. Skilled in React.js, Tailwind CSS, and Bootstrap for modern UI development, with backend expertise in Django and Node.js. Proficient in relational databases (MySQL) and version control (Git/GitHub). Known for bridging design and development through a background in graphics design, enabling delivery of visually engaging and functional products. Passionate about solving real-world problems with clean, efficient code and collaborative teamwork.

Education

11/2018 – 09/2025 Akoka, Yaba, Lagos, Nigeria	**Bachelor of Science** *University of Lagos* Relevant Courses: Web Development, Database Systems, Python Programming, Data Structures and Algorithms
04/2024 – 10/2024 Ota, Ogun State, Nigeria	**Certification in FullStack Development (Web Application With Python)** *Aptech Computer Education, Ota*

Professional Experience

09/2025 – Present Ota, Ogun State, Nigeria	**Instructor (Web Development)** *Aptech Computer Education, Ota* • Teach web development (HTML, CSS, JavaScript, React.js) to students at different proficiency levels. • Mentor students through hands-on projects, code reviews, and industry-aligned practices. • Improved student pass rates in internal and external certifications through tailored guidance.
10/2024 – 04/2025 Lagos Island, Lagos, Nigeria	**Fullstack Developer Intern– Remote** *Allicom Travels* • Built and maintained a travel booking platform with React.js (frontend) and Django REST Framework (backend). • Integrated secure authentication and user roles using JWT. • Designed RESTful APIs for bookings, payments, and customer management. • Optimized MySQL queries to improve data retrieval speed by 20%. • Collaborated with cross-functional teams using Git/GitHub for version control.
04/2024 – 09/2024 Ota, Ogun State, Nigeria	**Frontend Developer Intern** *Aptech Computer Education, Ota* • Developed responsive user interfaces with React.js, Tailwind CSS, and JavaScript. • Worked alongside backend developers to consume and integrate APIs. • Conducted debugging and performance testing across multiple devices and browsers. • Participated in weekly sprint reviews and collaborative coding sessions.

Skills

Frontend ● ● ● ● ●
HTML5, CSS3, JavaScript (ES6+), React.js, Tailwind CSS, Bootstrap

Backend ● ● ● ● ○
Python (Django), Node.js

Tools & Platforms ● ● ● ● ●
Git, GitHub, Figma

Database ● ● ● ● ○
MySQL, PostgreSQL, SQL

Soft Skills ● ● ● ● ●
Problem-solving, Communication, Collaboration, Adaptability

Projects

09/2025 – Present — **Multi-Vendor Fashion Marketplace**
Building a scalable e-commerce platform where multiple vendors can manage their stores, upload products, and track sales.
- **Frontend:** React.js + Tailwind CSS.
- **Backend:** Django REST Framework with JWT authentication.
- **Features:** Vendor/admin dashboards, secure payments, product search/filtering, and order management.
- Deployed using GitHub Actions.

06/2025 – 08/2025 — **Maternal Health Monitoring System**
Developed a fullstack system for maternal healthcare management using React.js (frontend), Django REST Framework (backend), and MySQL (database). Features include:
- Antenatal care (ANC) reminders and appointment scheduling.
- Risk assessment algorithms and emergency alert system.
- Role-based access for admin, healthcare providers, and patients.
- Data visualization dashboards for health insights.

12/2024 – 01/2025 — **Travel Agency Site**
Interactive platform showcasing packages with modern UI and backend integration.

08/2024 – 08/2024 — **AutoHub Website**
Vehicle listing site with search and contact features (Tailwind)

06/2024 – 06/2024 — **Counseling Platform**
Appointment booking and resource-sharing system
